

## **Village of Endicott Open Call for Project Proposals for Downtown Revitalization Initiative**

***New Deadline: April 18, 2022***

Endicott, NY – The Endicott Local Planning Committee Co-Chairs have extended the deadline for the Open Call for Project Proposals to Monday, April 18, 2022. The Local Planning Committee is seeking proposals for privately sponsored projects to be considered for DRI funding and wants to hear from members of the community who have potentially transformative projects on privately owned sites that provide economic and community benefits.

The Open Call process will enable the LPC to vet private projects that could transform the downtown in a uniform, open, and transparent process. Submissions could include capital/construction projects, business expansion or creation, and renovation of existing buildings on private sites. Submissions should demonstrate commitment of private funding sources and discuss the project's transformative nature and potential community benefits. New ideas are encouraged, as well as established project concepts. All submissions should include as much information as possible on potential projects in order to demonstrate that the idea is feasible and will have a meaningful impact on downtown Endicott. After submission, the Endicott LPC and its consultant team, led by BFJ Planning, will work with project sponsors to gather additional information as needed.

All requirements for submissions can be found in the Open Call for Potential DRI projects at the following link:

<https://www.endicottdri.com/documents-and-resources>

### **Contact for Questions, Meetings, and Application Submittal**

Applicants can submit questions, arrange a meeting to discuss their project, and submit applications for the open call by emailing [EndicottNYDRI@gmail.com](mailto:EndicottNYDRI@gmail.com)

**New Deadline to submit projects:** Monday, April 18, 2022

### **Endicott Downtown Revitalization Initiative**

The Village of Endicott was selected by the Southern Tier Regional Economic Development Council to receive a \$10 million award from New York State through the Downtown Revitalization Initiative (DRI). The DRI investment will allow Endicott to develop a Strategic Investment Plan and implement key catalytic projects that advance its vision for downtown revitalization. Projects selected for DRI funding will transform the downtown and support a vibrant local economy.

Please visit <https://www.endicottdri.com> for more information on opportunities for public input and the DRI planning process.
